MONEY, BONDS AND STOCKS.

St. Paul Passes a Dividend, and Causes Excitement in the New York Market. NEW YORK, Sept. 13 .- Money on call was easy at 11 24 per cent., the last loan being made at 21 per cent.; closing offered at 21 per cent.

Prime mercantile paper, 5 @ 64 per cent. Sterling exchange was dull but firm at \$4.84? for sixty-day bills, and \$4.88; for demand. The total sales of stocks to-day were 488,057 shares, including the following: ' Delaware, Lackawanna & Western, 37,300; Erie, 7,510; Hocking Valley, 3,165; Lake Shore, 25,839; Louisville & Nashville, 7,536; Missouri Pacific, 8,870; Northwestern, 36,795; Norfolk & Western preferred, 3,570; New Jersey Central, 5,400; Northern Pacific, 3,310: Northern Pacific preferred, 19,215; Oregon Transcontinental, 22,300; Reading, 60.700; Richmond & West Point, 8,260; St. Paul, 118,319; St. Paul & Omaha, 3,025; Texas Pacific, 9,955; Union Paific, 20,130; West-

ern Union, 18,498. The action of the St. Paul directors in passing the dividend on the common stock, and especially in reducing the rate of dividend on the pre. ferred, was the occasion of excitement in the market this morning, the like of which has not been seen since Dec. 16, While such action was not enunexpected, the market was not prepared to take the load of stock dumped upon it by the frightened foreigners, and material concessions in prices were the rule throughout the entire list. At the opening of business this morning the board-room traders were all bearishly inclined, and actively aided the "bears" in their efforts to bring about a further decline, and they were helped by other causes, chief among which was the advance in its rate of discount by the Bank of England. There was, however, an unusually heavy covering of "shorts," while supporting orders were numerous, and the impression made upon the general list after the opening was entirely insignificant. In St. Paul a large number of stop orders were reached, and its decline at the opening was nearly doubled by their execution. There was good buying in the Vanderbilts, the Villards, and some others, and this did much to ailay the excitement and fears which at the opening were most intense. The scare was about over after the first fifteen minutes, during which over 90,000 shares changed bards. Over 125,000 shares were sold in the half hour, and in the hour 175,000. Outside of the grangers the range of prices was small, and in a fair proportion of the general list was confined to less than I per cent. The declines at the opening were St. Paul, 3; Hocking Valley. 2: Northwestern, 11, and in others from 1 to 21 per cent., but while further slight lesses were sustained in a few stocks. most of the list began to rally immediately, and fractional gains were scored all over the list, even St Paul rallying with the rest of the list. The market weakened again toward 11 o'clock, however, and before noon the lowest prices of the day were reached, the losses from the best figures ranging up to 24 per cent. in St. Paul. After noon the market again moved up, with the coal stocks and Vanderbilts especially stronger. While the business done showed a steady decrease, there was but little movement or feature to the sabsequent trading. Buyers at the low prices of the morning realized in the last hour, and the mar et finally closed heavy and quiet at close to the opening figures. The feeling on the street this evening, however, is very usettled. The day's business foots up 488,087 shares, to which St. Paul contributed 118,319; Reading, 60,700; Northwestern, 36,795, Lacka-

losses include St. Paul, 14, at 124; Erie first sixes, 3, at 1041. Government bonds were dull but firm to

wanna, 37,300, and Lake Shore, 25,839. Of

sour; Pacific and Pullman, 1; Lackawanna,

Mail, and Union Pacific, 1 per cent., and others

fractions. The railroad bond market failed to

reflect the activity and excitement of the share

list, but it was heavy to weak in sympathy, and

most of the issues traded in are lower this even-

ing. There was no special feature to the deal-

ings beyond the sustained activity in the Reading first incores, which furnished \$117,000 out

of the total day's business of \$1,119,000. The

Choese quiet, irregular; Western, 71 @81c. CHICAGO, Sept. 13 .- It was a big day for scalpers in wheat. There was plenty of action without any very decisive change in prices. Prices ruled lower here the first hour than at other points. Here the early decline from the close last night reached le a bu; at the same time the decline at other exchanges was but to to to per bu. One hopeful sign was the fact that the selling was principally by "longs," and the "shorts" were cautious, as they regarded the decline about all that can be expected just now. Cables from London and Liverpool reported fine weather in England, with an easy feeling and a slight decline. When prices here touched the bottom, with December at 90jc, there was a bulge to 92jc on the Price Current figures, which make the total crop by measure about 400,000,000 bushels and by weight about 375,000,000 bushels. After the bulge the price dropped down to 91ic, and rallied toward the close. There was a sharp decime of je on realizing sales just at the close of the regular session, and December closed at I o'clock to under last night. Speculative trading in corn was only moderately active; transactions were to a great extent local, and fluctuations within &c range. The feeling developed was apparently weaker, though at times a rather firm feeling prevailed; on the whole the market was quotably easier. The market opened \$ \$\partial 2\$ under the closing prices of yesterday, sold off \$\frac{1}{2}\partial 2\$, reacted \$\frac{2}{3}\epsilon\$, but again ruled easier, changed some, and closed \$\frac{1}{2}\partial 2\$ lower for more deferred deliveries. Oats were quiet, with a diminished demand, with futures about to easier. There was something of a flurry in flax and timothy seed, which were lower on heavy receipts. Pork started in at a decline of 5@7ic, and eventually sold a little lower than those figures, but the market was narrow. Yellow fever was of little or no effect. It closed at I o'clock at about opening figures. January lard was weak. After opening at yesterday's closing prices, it sold off .12jc, but reacted .02jc; October closed .07jc above the opening. Ribs were steady at a slight decline from last night's close. At the close of the afternoon session December wheat was ic lower than at 1 o'clock, and May ic lower. Corn was easy, with No-vember ic lower, and May unchanged. Pork was irregular and easier. October sold 1240 lower, and closed 5e off. Later deliveries were a shade easier. Lard was unchanged for October, a trifle stronger for January, .05c lower for November, and .621c lower for year. October short ribs declined .071c; January was steady. The leading futures ranged as follows: Opening. Highest. Lorent.

INDIANAPOLIS MARKETS. Fine Weather, an Easy Money Market, and Firm Prices as a Rule.

INDIANAPOLIS, Sept. 13. The business situation could hardly be more promising. The weather is unexceptionably good, the money market is becoming easier, and firm prices rule on almost all lines of goods, especially is this true on what may be called staple articles. Sugars and coffees both maintain their strong tone, and seldom is it so difficult to get sugars as at the present time, so scarce are they in the East. In fact, all groceries rule strong in price, and many of them upward in their tendency. Dry goods men bad a busy day. Country merchants are stocking up liberally, so imminent is it that there will be an early advance on some lines of goods. Then the stocks our wholesale men are carrying are so well selected and attractive that they sell with but little urging. Hardware men report trade as still very satisfactory and prices such as to leave some margin. The hide men still talk bearish. Although the demand has improved, prices range as for many months past. Druggists are busy, and prices are firm on all articles they handle. Oils are moving out fairly well, and prices are firm at the recent advance. The produce men are busy, and this can be set down as the best season they have had for many years. They have had plenty of goods to sell, and fair prices have been obtained most of the time. Peaches and pears are in good supply and prices offish. Butter, eggs and poultry are all firm at quotations. Receipts of poultry and butter quite liberal.

Quietude is a characteristic of the local wheat market, while both corn and oats are in good demand, and at a shade better prices. The Indianapolis Market Report says of the local market: "Wheat-Receipts posted for past two days, 54 cars, against 40 cars for preceding period. Market is quiet. No. 2 red salable at 90 @ 91c; No. 3 red selling at 84 @86c, according to quality; rejected brings from 74 @78c for poor to good sample; choice selling at 78@82c. salable at 46 @ 46 c: choice colored No. 3 white at le discount; No. 2 mixed in good demand at 43 t 244c, with offerings light. Oats—Receipts posted for past two days, 8 cars, against 14 cars for preceding period. Market shows an improvement, with all grades in good demand. One car-load of choice grade No. 2 white offered at 30c; salable at 27 228c; No. 2 mixed salable at 24c. Rejected is selling at 2 @ 3c discount. Bran in demand at \$12.75 @ 13.25.
